What It Is

The classic toy Colorforms is back with a new look, including favorite characters and more portability for on-the-go storytelling. New characters include Marvel Avengers and Bubble Guppies, which can be found in the Colorforms On the Go Sets. Each On the Go set includes three sheets of Colorforms and a two-sided fold-out background that has a pocket for storing your Colorforms sheets. Peel the Colorforms off the sheets and place them anywhere on the background. These are re-stickable, so you can peel them off and stick them somewhere else on the background as your story unfolds.

Is It Fun?

These new playsets bring the classic fun of Colorforms to a new generation of kids. Whereas the old Colorforms were geometric shapes, these new sets use Colorforms of kids' favorite characters to enhance creative storytelling and imaginative play.
